Functioning of Centralised Accident and Trauma Services

2850. SHRIMATI KAMLA SINHA: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether it is a fact that project "Centralised Accident and Trauma Services" was approved by the then Prime Minister;

(b) whether it is a fact that the Planning Commission gave a financial support of Rs. 20 crores to the project in 1983 and 15 acres of land was also provided for it in South Delhi; and

(c) if so, details of the functioning of Centralised Accident and Trauma Services?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRIMATI D. K. THARA DEVI SIDDHARTHA): (a) to (c) The project "Centralised Accident & Trauma Services" (CATS) was approved by the Government of India under the aegis of AIIMS in 1984 at a cost of Rs. 16.65 crores and about 14.5 acres of land was allotted to the said project for construction of Apex Centre. In June, 1989 the CATS was formed as a registered society under Delhi Administration in order to ensure better multi-sectoral co-ordination. A west zone Pilot Project was approved by the Governing Body of CATS in April, 1990. The Pilot Project has since commenced.

Keeping in view the fact that the project was approved in 1984 and it has since undergone significant changes in its design and structure as also revised total estimated cost of the scheme, it was considered essential to have another look at the scheme, so as to assess whether the benefits would be commensurate with the investment. Accordingly, the scheme has been reviewed recently and it has been decided that it would not be advisable to set up the proposed Apex Centre not only in view of the financial constraints but also from the view point of its utility and cast effectiveness.
